

DATA FLEX CABLES

Powering Reliable Connectivity Since 2001 (Formerly known as 'Data Shield')

Company Overview

Established in 2001

With over two decades of experience, Data Flex Cables (Formerly known as 'Data Shield') has grown to become a recognized leader in the industrial and specialty cable market.

Trusted Brand

We are a trusted name for high-performance industrial and specialty cables, known for our commitment to quality and durability.

Strong Network

Our robust manufacturing capabilities and extensive distribution network ensure seamless supply chain management and customer satisfaction across India.

Manufacturing & Distribution

Manufactured By

Prince Cables, Delhi

Our state-of-the-art manufacturing facilities, located in Delhi and operated by Prince Cables, adhere to stringent quality control measures to produce superior cable solutions. Leveraging advanced technology and skilled expertise, we ensure every product meets global standards.

Sole Distribution By

Krystal Electricals, Chennai

Krystal Electricals, based in Chennai, is our exclusive distribution partner, ensuring efficient and timely delivery of Data Flex Cables across the nation. Their extensive logistics network and market understanding make them an invaluable part of our supply chain.

With this powerful partnership, we offer unparalleled **Pan-India project execution capability.**

Vision & Mission

Our Vision

To be a leading provider of reliable, high-performance cable solutions globally, driving innovation and setting benchmarks in industrial connectivity.

Our Mission

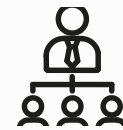

To deliver world-class cable products with consistent quality, uncompromising safety, and continuous innovation, empowering businesses with superior connectivity.

Our Core Strengths

20+ Years of Experience

Our extensive history in the industry translates into deep expertise and a proven track record of delivering successful projects.

Proven Execution

We have a demonstrated capability in managing and executing large-scale projects with precision and efficiency.

High-Volume Supply

Capable of supplying over 10,000 meters per project, meeting the demands of even the most extensive industrial needs.

Trusted Partnership

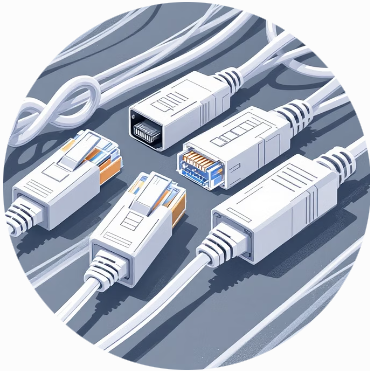

We are the preferred choice for premium corporates and system integrators who rely on our quality and reliability.

Major Product Portfolio

Data Flex Cables offers a comprehensive range of high-performance cables designed to meet the rigorous demands of various industrial and commercial applications.
